RACE DAY

ROAD SAFETY

There are several sections of the Yurrebilla Trail that require participants to cross or run on roads. Please ensure you:

- Run along paths if there are any alongside the road
- Run single file on the right-hand side of the road, facing towards the oncoming traffic
- Obey road rules at all times
- Take special care on the road sections of the trail
- Obey all instructions given by volunteers and traffic marshal personal.

FIRST AID

A team of first aid officers will be available throughout the day to assist runners. They will be available to respond to any emergencies, should they occur. They will station themselves at the major support stops, to be confirmed.

All runners to run with a mobile phone with the YUM Race Control number entered into their phone (0403 039 307). It is highly recommended that you download the Emergency Plus app onto your phone. This gives you a direct access to local emergency numbers and your exact location (Lat & Long) which will enable first responders to know your exact location on course.

RACE DAY

LOOKING OUT FOR OTHERS

Every runner is obliged to ensure that assistance is provided to other runners in distress wherever possible. Report all injuries and illnesses to the nearest aid station, or to Race Control (0403 039 307). Time credits may be awarded to compensate for time delays incurred while supporting an injured athlete. Applications must be made with the Race Director.

Ensure that someone stays with the injured participant until assistance is provided. In the event that there is no mobile phone access, a runner should only go in search of help once another runner has come along the track, who can stay with the injured person.

For minor injuries or illness, the runner should proceed to the nearest aid station or road. The aid station volunteer will organize pick up if required. Alternatively, a runner can arrange for their support crew to collect them.

For injuries in which the runner is unable to safely continue, Race Control should be called and they will arrange for assistance to be provided as soon as possible. You will be asked to provide clear instructions of your location to determine the quickest route to get to the injured runner.

For serious injuries requiring urgent medical attention immediately dial 000 and ask for a 4WD ambulance and then follow the prompts given. Clearly state that the event is in the Adelaide Hills, South Australia. The on-duty emergency call-centre could be anywhere in Australia. Please also notify Race Control as well.

RACE DAY

WITHDRAWING MID-RACE

Should at any stage of the race you find that you need to withdraw from the event, please ensure that you notify Race Control of your withdrawal. This is of vital importance because we have a record of every single person who starts, so by not informing Race Control we will be under the impression that you are still out there, even after the last runner finishes. At worst, this may cause unnecessary instigation of search and rescue procedures.

On occasion, some runners have insisted on continuing in an event when it is clear that they should have withdrawn for their own health. If such a situation arises, the Race Director will seek advice from the First Aid Team. The decision as to whether the runner should continue lies ultimately with the Race Director in consultation with the Race Safety Supervisor. Please be aware that the decision of the Race Director is final and is to be adhered to without challenge.

AFTER THE RACE

Food and coffee vans will be at the finish line area at Foxfield Oval for runners and supporters to purchase food and drinks. Our food vendor this year is a sausage sizzle by Gillies Plains Lions and a Wood Fired Pizza supplied by Two Fat Blokes Pizza. The Coffee Run Van will also be in attendance.

There will also be Aid Station snacks at the finish line free of charge for our hungry, tired runners. Supporters are kindly asked to please leave this food for the runners.
